1. University of Alberta (UAlberta)

1.1 Studienangebot

1.1.1 Fachbereich Agricultural Life and Environmental Sciences

Bachelor	Master
Agricultural and Resource Economics	Agricultural, Food and Nutritional Science
Agricultural Business Management	Human Ecology
Animal Health	Renewable Resources
Clothing, Textiles and Material Culture	Resource Economics and Environmental Sociology
Companion and Performance Animals	
Conservation Biology	
Croop Science	
Dietetics	
Environmental Economics and Policy	
Environmental Studies	
Family Science	
Fashion Business Management	
Food Animals	
Food Business Management	
Food Science	
Food Science and Technology	
Forest Business Management	
Forestry	
Human Dimensions of Environmental Management	
Land Reclamation	
Nutrition	
Nutrition and Food Science	
Sustainable Agricultural Systems	
Wildlife and Rangeland Resources Management	

1.1.2 Fachbereich Arts

Bachelor	Master
History of Art, Design and Visual Culture	History of Art, Design and Visual Culture
Art Fundamentals (ART 134)	
Design Fundamentals (DES 135)	

1.1.3 Fachbereich Business

Bachelor
Accounting
Business, Economics and Law
Business Studies
East Asian Business Studies
European Business Studies
Finance
Human Resources Management
International Business
Latin- American Business Studies
Management Information Systems
Marketing
Natural Resources, Energy and the Environment
Operations Management
Retailing and Services
Strategic Management and Organization

1.1.4 Fachbereich Education

Bachelor
Art
Biological Sciences
Chemistry
CTS- Communication Arts
CTS- Computer Sciences
CTS- Design
CTS- Health
CTS- Human Sciences
CTS- Media
CTS- Natural Resources
CTS- Recreation
CTS- Trades, Manufacturing and Transportation
Drama

English Language Arts
General Science
Mathematics
Music
Physical Education
Physical Sciences
Physics
Second Languages- French
Second Languages- German
Second Languages- Japanese

Second Languages- Other
Second Languages- Spanish
Second Languages- Ucrainain
Social Studies
Art

1.1.5 Fachbereich Engineering

Bachelor
Biomedical Engineering
Chemical Engineering
Chemical Engineering- Computer Process Control
Civil Engineering
Computer Engineering
Electrical Engineering
Engineering Physics
Environmental Engineering
Materials Engineering
Mechanical Engineering
Mining Engineering
Nanoengineering
Nanoscale System Design
Petroleum Engineering

1.1.6 Fachbereich Kinesiology, Sport and Recreation

Bachelor	Master
Adapted Physical Activity	Kinesiology, Sport and Recreation
Education- Kinesiology	
Kinesiology	
Physical Activity and Health	
Recreation, Sport and Tourism	
Sport coaching	
Sport performance	

1.1.7 Fachbereich Law

Bachelor	Master
Law	Law
Juris Doctor Law	

1.1.8 Fachbereich Native Studies

Bachelor	Master
Aboriginal Governance and Partnership	Native Studies
Elementary Education- Native Studies	
Native Studies	
Secondary Education- Native Studies	

1.1.9 Fachbereich Science

Bachelor	Master
Applied Mathematics	Biological Sciences
Applied Mathematics with Computing	Chemistry
Applied Mathematics with Statistics	Computing Science
Astrophysics	Earth and Atmospheric Sciences
Biochemistry	Internetworking
Biological Sciences	Mathematical and Statistical Science
Cell Biology	Multimedia
Chemistry	Physics
Computing Science	Psychology
Earth and Atmospheric Sciences	
Ecology, Evolution and Environmental Biology	
Environmental Earth Sciences	
Geology	
Geophysics	
Immunology and Infection	
Integrative Physiology	
Mathematical Physics	
Mathematics	
Molecular, Cellular and Developmental Biology	
Neurosciences	
Paleontology	
Pharmacology	
Physical Science	
Physics	
Physiology	
Planning	
Psychology	
Statistics	

1.2 Course Restrictions

Unless the student exchange agreement with your home institution specifies otherwise, you can take any courses you wish with the following exceptions:

1. Any courses described in [Bear Tracks](#) as being closed to exchange students (see below for more information about Bear Tracks).
2. [Courses with non-standard fees or in programs with non-standard fees](#)
3. [Alternate delivery sections of any UAlberta courses](#)
4. Courses from the Faculties of Extension, Medicine & Dentistry (with the exception of courses in the Departments of Biochemistry, Cell Biology and Physiology), Nursing, Pharmacy and Pharmaceutical Sciences, and Rehabilitation Medicine.
5. Courses at the School of Library and Information Studies, Yukon College or the Bamfield Marine Sciences Centre.
6. SOC 399 (Field Placement in Criminology) and SOC 499 (Advanced Field Placement in Criminology).
7. BUS 201, BUS 202, BUS 301, FIN 436, MGTSC 312, MIS 441, SMO 310, SMO 441, SMO 470 and SMO 471. In addition, independent research, internship, study tour, competition, work experience, Honours (numbered 480) and Special Topic (numbered 488) courses in the Alberta School of Business are not open to exchange students.
8. Many courses (if any at all) in our Departments of **Computing Science**, **Drama**, **Economics**, and (with the exception of History of Art, Design and Visual Culture -HADVC – courses and ART 134 and DES 135) **Art and Design**. Courses in these departments are in extremely high demand and often fill up quickly.

Please note these other restrictions:

1. **There is no guarantee of registration in the courses you may want or need.** Some courses might not be offered even though they have been in the past, some courses may fill up even before you have a chance to register / enroll in them and/or UAlberta officials may determine that you don't have the necessary prerequisites for some courses. It's best to prepare a list of alternative courses in the event that some of your initial selections are unavailable.
2. Unless your exchange is to our Augustana Campus you should not plan to take courses there (i.e., avoid courses having course codes starting with "AU"). Augustana Campus is located in the town of Camrose, which is about 100 km south of Edmonton.
3. You can only take courses in our Faculties of Engineering; Law; or Kinesiology, Sport, and Recreation or in our Alberta School of Business if you are enrolled in one of those faculties while on exchange.
4. Undergraduate students can't take more than 15 credits worth of courses (typically 5 courses) per term while for graduate / postgraduate students the maximum is 9 credits worth of courses (typically 3 courses) per term.
5. The majority of courses you take should be in the same faculty (for undergraduate students) or department (for graduate / postgraduate students).

6. Be realistic about your course selections. For example, if you are an undergraduate philosophy student who has successfully completed only one introductory level music course at your home institution, please don't think that you will be permitted to enroll in only advanced music courses while on exchange at UAlberta.
7. Exchange students cannot audit courses.
8. Undergraduate students cannot conduct research.
9. Graduate / Postgraduate students can take courses or conduct research, but not both. Graduate / Postgraduate students wanting to conduct research will need to find a host supervisor at UAlberta **before** they submit their exchange application.

Please note also the following restrictions:

1. You must be a graduate / postgraduate-level student at the time of application if you wish to participate in a graduate / postgraduate-level exchange (i.e., you cannot apply for a graduate / postgraduate-level exchange while you are still an undergraduate student).
2. Some faculties have other, faculty-specific requirements that you must satisfy if you wish to take all or a majority of your courses with them:
 - a. The Alberta School of Business also requires that you:
 - i. have completed microeconomics and macroeconomics coursework at the time of application
 - ii. have completed at least 4 semesters in a business program by the time the exchange programs starts
 - b. The Faculty of Engineering requires that you have completed at least 4 semesters in an engineering program by the time the exchange program starts.
 - c. The Faculty of Law requires that you be enrolled in a law program at your home institution.
 - d. The Faculty of Kinesiology, Sport, and Recreation requires that you be enrolled in a kinesiology, sport, recreation and/or physical education program at your home institution.

Weitere Informationen zu den course restrictions der University of Alberta finden Sie hier: <https://www.ualberta.ca/admissions-programs/exchange-programs/incoming-exchange-application-guide/programs-and-courses/program-restrictions.html>

2. Mac Ewan University

2.1 Studienangebot

2.1.1 Fachbereich Arts and Sciences

Bachelor
Science
Arts
Sciences in Engineering Transfer
